2 RESEARCH AREAS

Research Areas

Spelling-Reading
Assessment

Summary

My Ph.D. dissertation focused on the development and use of spelling and reading assessments in Greece. This project contributed instruments, which were necessary for the assessment and evaluation of the respective abilities for Greek students and presented important information in regard to the patterns of phonological errors of Greek elementary pre-school students.

RESEARCH GRANTS AND CONTRACTS

I have been awarded the following grants:

Project:	Fund/Grant:
Development of Greek reading and spelling assessments 2001-2006	University of Ioannina
Prediction of Academic Achievement based on phonological assessment 2001- 2006	University of Ioannina
