PROFESSIONAL EXPERIENCE

MINISTRY OF EDUCATION, LIFE LONG LEARNING AND RELIGIOUS AFFAIRS

2001 - Today

I am currently working as a special advisor to the General Secretary for Education, regarding the Greek Digital School Strategy and EU issues.

Also I worked for the General Secretariat for Youth as the Coordinator of the Hellenic National Agency (H.N.A) responsible for the implementation of D.G. Education and Culture Programs “YOUTH IN ACTION” and EURODESK”. As a coordinator, my duties mainly concerned:

- The management of the relevant agreements between European Union and Greek Authority including the formation and monitoring of the Working Plans. And,
- The role of the National Representative in the relevant Committees of the European Union.

MINISTRY OF INTERIOR. Educational Researcher.

2008 -2010

I was seconded as Responsible for Educational Programs and Research Studies at Ministry of Interior and in particular the National School of Public Administration / SOCIAL MULTICENTER of ADEDY.

My responsibilities include:

- Design and Implementation of e-GOV Educational Programs.
- Design of new ICT Educational Projects.
- Member of the planning team for design and implementation of an integrated system for the Institutional e-Learning needs.

UNIVERSITY OF PELLOPONESSE Educational and Social Policy Department. Researcher

2003-Today

I joint University as PhD candidate in 2003 and my research interest applies to Life Long Learning in terms of Digital education and Digital Equality issues.

Beside this, I am working collaborate as researcher to several projects based on related to department team for the establishment of a new entity specific to LLL activities in the premises of University.

GREEK FEDERATION OF HELLENIC ICT ENTERPRISES (S.E.P.E.). Researcher/Consultant.	1997 -Today
--	--------------------

I joined S.E.P.E. in 1997 having a consultancy role to the Organization on EU initiatives/ programs responsible for the undertaking of studies and surveys on the ICT and e-Skills area.

EUGENIDES FOUNDATION Expert in ICT	2005 - 2007
---	--------------------

I joint Eugenides Foundation since September 2005 as and ICT expert to several projects at national and European Level. The projects aim at the development of state of the art educational systems as well as a European Citizens deliberation for the development of an open dialog between scientific communities and society.

ORACLE HELLAS S.A. Territory Manager	1997 - 2001
---	--------------------

I joined Oracle Hellas in 1997 as an ICT expert for the implementation of several IT projects. As from 1998 I had the title of a Territory Manager and my duties concerned the business development in Telecommunication and New Economy vertical Markets. A specific strategy was implemented based on the relevant Corporation's Business strategy and on the Greek ICT Market needs involving all the major Greek ICT companies as partners.

Also, I had worked as Account Manager for the public sector.

Finally, I had always the management of Information and Communication Technologies projects at National and European level where the company had a partner role.

JURDA HELLAS S.A Manager of the Research and Development Department.	1992 - 1997
---	--------------------

I joined JURDA HELLAS on February 1992 as a shareholder acting as the Manager of R&D Department. My duties concerned the development of the new products based on state of the art ICT technologies such as Smart cards and Large Databases and the coordination of implementation of ICT projects funded by European Union and structural funds. During my collaboration with the company more than twenty ICT projects had been implemented.

PAN-DRIVE S.A. Project Manager	1988 - 1992
---	--------------------

I worked as the Project Manager of the PAN-DRIVE Project. The aim of the project was to develop a state of the art automated navigation system for the vehicles based on dedicated infrastructure and special algorithms. The implementation of this project gave me the opportunity to involve in the management of Information and Communication Technologies projects at national and European level.

I worked as the Project Manager in several projects based on the Information technologies.
